PRESIDENT'S MESSAGE

Musical chairs!

Who ever said, "A week is a long time in politics", certainly knew what they were talking about!

Let's hope John Kobelke gets to sit there long enough to make a few decisions. Mind you Michelle Roberts certainly kept that particular seat warm for some considerable time and from our point of view a fat lot of good that did us. Our recent meeting with John D'orazio was an exercise in futility. He was under attack from a relentless media, which again from our point of view means absolutely nothing...except of course the minister was forced to take his eye off the ball... in fact I tend to think he actually lost the bloody thing!

We have yet to have the pleasure of a meeting with the new bloke in his office, atop the hill. Perhaps we should wait a few weeks to see if he will stay long enough to get this head around the "issues" of his office. Maybe if a dozen or so teenagers who had just gobbled down a bad batch of designer drugs they had just purchased from one our trendy Northbridge night spots after passing through "security" to enter the place and finished up dead or in intensive care at RHP we might get some attention!

The newly appointed Security Advisory Committee chairman, Tony Carter, was faced with a similar dilemma after having had John D'orazio sign off on his terms of reference and given him approval to travel east to talk to a cross section of security people he was forced to front Gentleman John Kobelke to square things off once again (bearing in mind Tony is doing this massive task as a volunteer). All time consuming and quite frankly a pain in the backside.

Anyway, enough of all that negative stuff.

With Ron Adams about to send out Membership renewal notices and some members probably considering the worth of being in the SAIWA, we decided, to illustrate that your executive have not been sitting on our collective hands. So we prepared a dot point list (included in this *Alert*) of the "things" we are involved in across a very wide spectrum on your behalf. These dot points are being flashed out and will be available for viewing on our website shortly.

Once the new Minister settles in his seat (well let's hope so) and Tony Carter completes his fact - finding trip to speak to the "wise men from the east" I am predicting we will see some rapid developments in our industry...not before time! So hang in there because "*united we stand divided we fall!*"

See you around the traps.

Jim King
